### **Suggestions for improving this event:**

*It was great the way it was*

*Less seating per table. It's too crowded.*

*The music during dinner was too loud making it impossible to visit with the people at your own table.*

*Give Lindsey an award for all the time and work she put into it*

*Sound system turn down a little.*

*Helen Hoover Klinger would be amazed of this whole evening*

*Well done!!*

*Find a way for more people to be able to attend. Have more food options*

*Assign families to sit together*

*Extremely nice venue, food was great along with the entertainment. Just a little bit too long*

*I have attended several times and always impressed with it and look forward to coming*
