Theresa Moore, Vice President
Rachel Barnhart, Secretary
Ken Yuchasz, Member
Shirley Thompson, Member
Tara Layne, Member
Kevin Howell, Member

Our Mission: *making connections* to *promote abilities* and *enrich lives*

A Message from the Superintendent:

For over 50 years, PCBDD has been serving people with developmental disabilities in the community. Our focus has shifted as we transition to an organization that supports people by providing resources, helping them make connections, and giving them the ability to *make their own decisions*. Even though our strategies have changed, PCBDD remains focused on helping people reach their fullest potential. We continue to provide services, but we are increasing efforts to partner with other organizations that can provide individualized services and supports. When people are living their best life through responsibility, accountability, independence, leadership, and self-sufficiency, we all are living in a community without barriers.

Thank you for making this journey with us to focus on the abilities of people and our community.

David C. Couch

David C. Couch, Superintendent

Our Values: *Putting People First, Listening, Making Things Easier, Growing and Learning, Working Together, and Promoting Creativity*
